The Kokoda Campaign 1942

Myth and Reality

By Peter Williams

Australian Author

The Kokoda Campaign of 1942 has taken on mythical status in Australian military history. According to the legend, Australian soldiers were vastly outnumbered by the Japanese, who suffered great losses as a result of allied fighting and the harsh conditions of the Kokoda track.

In this important book, Peter Williams seeks to dispel the Kokoda Myth. Using extensive research and Japanese sources, he explains what really happened on the Kokoda track in 1942. Unlike most other books written from an Australian perspective, this book focuses on the strategies and tactics of the Japanese and shows that the Australians were rarely outnumbered.

For the first time, this book combines narrative with careful analysis to present an undistorted picture of the campaign. It is a must-read for anyone who is interested in the truth of the Kokoda Campaign of 1942.

Literacies

Australian Authors

Comprehensive introduction to literacy pedagogy in today's new media environment

By Mary Kalantzis and Bill Cope, University of Illinois

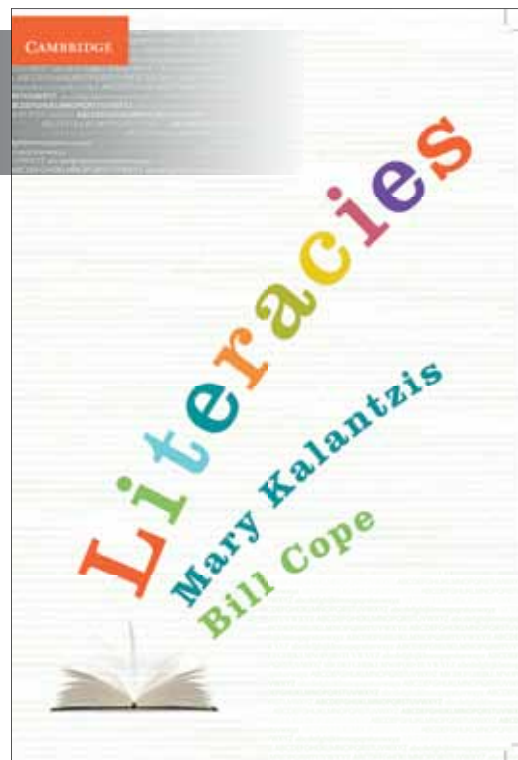

Education. With the rise of new technologies and media, the way we communicate is rapidly changing. **Literacies** provides a comprehensive introduction to literacy pedagogy within today's new media environment. Drawing on real-world examples, **Literacies** features the experiences of both teachers and students, and with an emphasis on the 'how-to', it maps a range of methods teachers can use to help their students develop their capacities to read, write and communicate in different ways. It also explores the wide range of literacies and the diversity of socio-cultural settings in today's workplace, public and community settings.

Key features:

- Comprehensive introduction to literacy pedagogy in today's new media environment
- Focuses not only on reading and writing, but on other modes of communication, including oral, visual, gestural and spatial
- Using real-world examples and illustrations, it emphasises the 'how-to' practicalities of designing literacy learning experiences and assessing learner outcomes

Planning Australia

Australian Authors

An Overview of Urban and Regional Planning Second edition

A comprehensive introduction to urban and regional planning in contemporary Australia

by Susan Thompson, University of NSW and Paul Maginn, University of WA

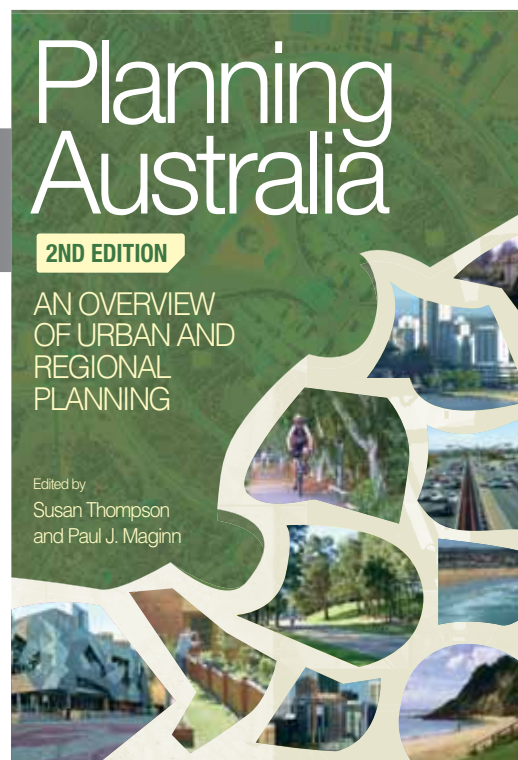

Urban and regional planning. **Planning Australia** provides a comprehensive introduction to the major issues and activities that constitute urban and regional planning in Australia today. The book adopts an interdisciplinary approach to the subject, underpinned by the principles of sustainability and social equity. It explores the history of the discipline, its relationship to broader governance structures and its legislative framework. Fully revised and updated, it is an indispensable resource for students, practitioners, decision-makers and anyone with general interest.

Key features:

- Written in an accessible style with instructive case study examples
- Fully revised and updated, this edition features new chapters on healthy planning and transport planning

Market Society

History, Theory, Practice

Australian Authors

Explores the social basis of economic life, from the emergence of market society in feudal England to the complex and interwoven markets of modern capitalist society.

by Benjamin Spies-Butcher, Macquarie University, Sydney, Damien Cahill, University of Sydney and Joy Paton, University of Sydney

Economics. *Market Society: History, Theory, Practice* explores the social structures at the heart of capitalist economies. From the emergence of market society in feudal England through to the complex capitalist markets of the modern day, it provides students with a nuanced understanding of how markets and people interact.

Key features:

- Helps readers to understand markets as expressions of social relations, through both formal state regulation and informal social norms
- Analyses the debates among key theories in the areas of political economy and economic sociology, and using a series of case studies, achieves a synthesis of ideas generally taught and understood separately within each discipline
- Emphasizes the importance of understanding the historical development of capitalist societies to understand the modern capitalist markets

Contemporary Politics in Australia

Theories, Practices and Issues

Australian Authors

A lively and wide-ranging introduction to the study of Australian politics.

Edited by Rodney Smith, University of Sydney, Ariadne Vromen, University of Sydney and Ian Cook, Murdoch University, Western Australia

Politics. *Contemporary Politics in Australia* offers a comprehensive overview of current theories, debates and research in Australian political science. Written by a diverse range of experts, it encompasses not only formal and institutionally based politics, but also the informal politics of everyday life, including the politics of Australian culture and media. The book is divided into six key sections covering:

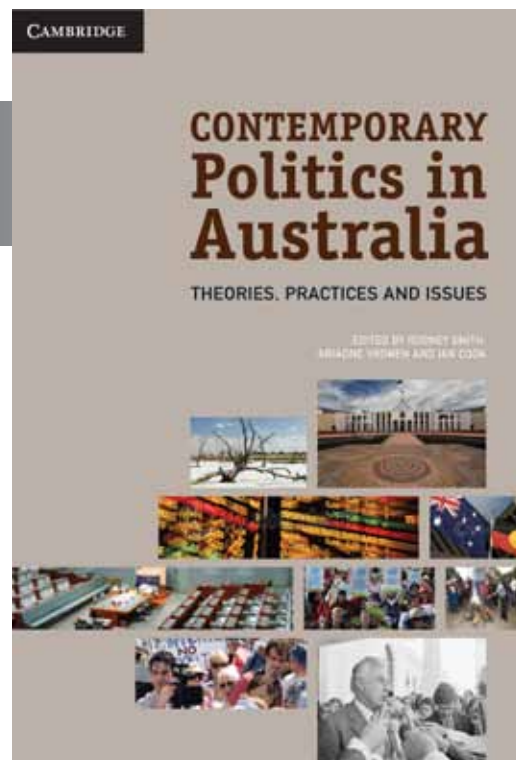

- political theory
- politics in everyday Australian life
- elections
- participation and representation
- the Australian state
- contemporary political and public policy issues

Key features:

- Featuring a glossary of key terms and a companion website, it is essential reading for students

The Letters of Ernest Hemingway Leather bound Edition

Volume 1, 1907–1922

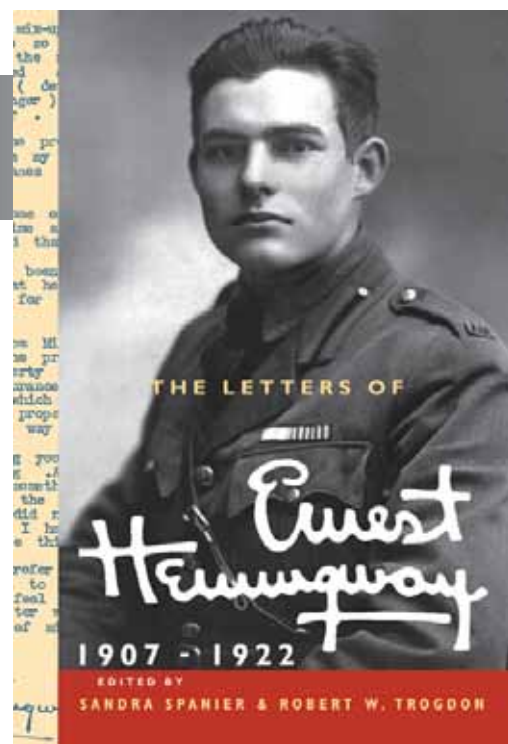

Readers will for the first time be able to follow the thoughts, ideas and actions of one of the great literary figures of the twentieth century in his own words.

by Ernest Hemingway, edited by Sandia Spanier, Pennsylvania State University and Robert W. Trogdon, Kent State University, Ohio

Literature. With the first publication, in this edition, of all the surviving letters of Ernest Hemingway (1899–1961), readers will for the first time be able to follow the thoughts, ideas and actions of one of the great literary figures of the twentieth century in his own words. This first volume encompasses his youth, his experience in World War I and his arrival in Paris. Unguarded and never intended for publication, the letters record experiences that inspired his art, afford insight into his creative process and express his candid assessments of his own work.

Key features:

- The letters are accompanied by notes, a detailed introduction, chronologies, illustrations, maps and indexes
- 12 volumes to be published in this series, including more than 6000 surviving letters, 85% of which have never before been published

The Freud Files

An Inquiry into the History of Psychoanalysis

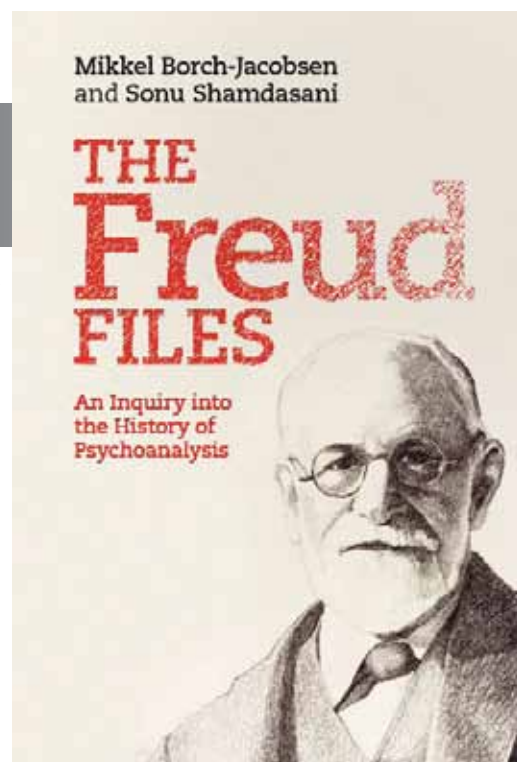

Reconstructs the early controversies around psychoanalysis and shows that rather than demonstrating its superiority, Freud and his followers rescripted history.

by Mikkel Borch-Jacobsen, University of Washington and Sonu Shamdasani, University College, London

Psychology. How did psychoanalysis attain its prominent cultural position? Why did Freud 'triumph' to such a degree that we hardly remember his rivals? This book reconstructs the early controversies surrounding psychoanalysis and shows that rather than demonstrating its superiority, the Freudians rescripted history. This was not incidental, but formed the core of psychoanalytic theory. **The Freud Files** reveals how psychoanalysis is vulnerable to its past. Beyond psychoanalysis, it opens up the history of the constitution of the modern psychological sciences and psychotherapies.

Key features:

- Proposes a new history of psychoanalysis, showing how psychoanalysis was formed and how it surmounted its rivals
- Shows the relation of psychoanalysis to history, literature and science
- Will be of interest to anyone interested in cultural, literary and philosophical uses of psychoanalysis.

Challenges to Religious Liberty in the Twenty-First Century

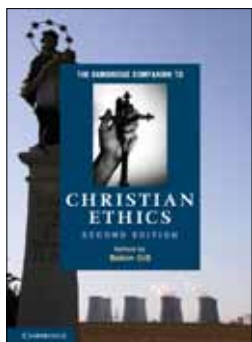

Edited by Gerard V. Bradley, University of Notre Dame, Indiana

Politics. Different and sometimes irreconcilable conceptions of religious liberty have emerged in our world, often as responses to specific challenges (for example, globalization or Islamic immigration). In this book, scholars in law, theology and political theory exchange views on five specific challenges to religious liberty in the twenty-first century.

Defining Jewish Difference

From Antiquity to the Present

by Beth A. Berkowitz, Jewish Theological Seminary of America

Religion. Berkowitz shows that ancient, medieval and modern interpretation of the biblical verse of Leviticus 18:3, provides an essential backdrop for today's conversations about Jewish assimilation and minority identity more generally. The book makes an innovative contribution to the study of Jewish culture, history of ethnicity and religion and Bible interpretation.

Remembering the Roman Republic

Culture, Politics and History under the Principate

by Andrew B. Gallia, University of Minnesota

Classical studies. The Roman Principate was defined by a paradox; it advertised continuity with the past even as the emperor's monarchical power replaced Republican traditions of government. This study traces a series of six crucial moments, in the period from the fall of Nero to the height of Trajan's power, in which the memory of the Republic intruded upon Roman public discourse.

The Two Latin Cultures and the Foundation of Renaissance Humanism in Medieval Italy

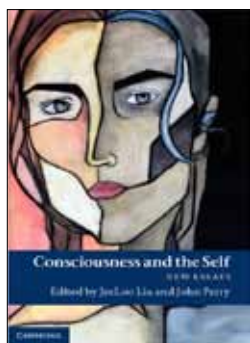

by Ronald G. Witt, Duke University, North Carolina

History. This book traces the intellectual life of the Kingdom of Italy, the birthplace of humanism in the mid thirteenth century. Ronald G. Witt argues that the early emergence of humanism in northern Italy resulted from the precocious development of a lay intelligentsia in the region, whose participation in the culture of Latin writing fostered the beginnings of the intellectual movement which would eventually revolutionize all of Europe.

Cultural Memory and Western Civilization

Functions, Media, Archives

by Aleida Assmann, Universität Konstanz, Germany

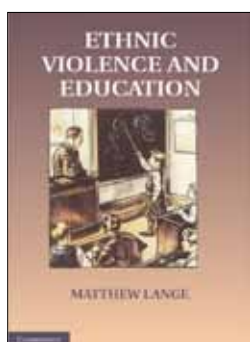

History. This book provides an introduction to the concept of cultural memory, focusing on the 'arts' of its construction, particularly various media such as writing, images, bodily practices, places and monuments. The analysis also addresses the interaction of cultural memory with individual memory and the ways in which cultural memory supports or subverts social and political identity constructions.

Ethnic Violence and Education

Identity, Educational Bubbles, and Resource Mobilization

by Matthew Lange, McGill University, Montréal

Politics. Matthew Lange explores education's impact on ethnic violence, highlighting the role that social context plays. Rather than deterring violence, Lange finds that education commonly contributes to aggression. He employs a cross-national statistical analysis with case studies of Sri Lanka, Cyprus, the Palestinian territories, India, sub-Saharan Africa, Canada and Germany.

Politics, Economy and Civil Society

by David Lewis, London School of Economics and Political Science

Economics. Since its hard-won independence from Pakistan, Bangladesh has been ravaged by economic and environmental disasters. Only recently has the country begun to emerge as a fragile, but functioning, parliamentary democracy. The story of Bangladesh, told through the pages of this concise and readable book, is a truly remarkable one.

A History of Tasmania by Henry Reynolds

This captivating work charts the history of Tasmania from the arrival of European maritime expeditions in the late eighteenth century, through to the modern day. Reynolds' remarkable capacity to empathise with the characters of his chronicle makes this a moving account of Tasmania's unique position within Australian history.

"Hostilities in the history wars could be set to re-start next month with Henry Reynolds' new history of Tasmania set for publication next month...Professor Reynolds is a prominent advocate of the academic orthodoxy that holds Aborigines fiercely contested European settlement of Australia, including Tasmania."

- **Article in *The Australian*: 'A new volley in the history wars?', October 24, 2011**

ISBN 978-0-521-54837-3

**The Garnaut Review 2011: Australia in the Global Response to Climate Change**

by Ross Garnaut

In this update to the 2008 Garnaut Climate Change Review, Ross Garnaut re-examines the case for action in the aftermath of the global financial crisis and recent developments by major countries to reduce emissions and prepare for a low-carbon future.

"The Garnaut Review 2011 is an excellent book. In comprehensive style it covers the complex issue of climate change and Australian responses in a very accessible manner...Ross Garnaut must be congratulated for his efforts once again to provide a sound basis for policy in Australia."

- **Review in *The Australian Book Review*, November 2011**

The Architect of Victory: The Military Career of Lieutenant General Sir Frank Horton Berryman

by Peter J. Dean

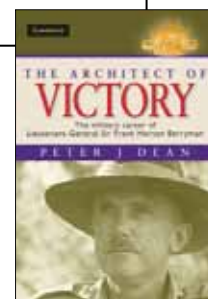

Peter Dean charts the career of Lieutenant General Sir Frank Berryman; one of the most important, yet relatively unknown officers in the history of the Australian Army, and explains why the man posed to become the next Chief of General Staff would never fulfil his ambition.

"The Architect of Victory" is an important addition to Australian military history. The author should be congratulated on the publication of this work...another fine volume in the official Australia Army History series."

- **Review in *The Supreme Court of Queensland Library Review of Books*, September 2011**

"Berryman's strength, which Dean examines in detail, lay in his operational planning. It was this skill that resulted in Australian victories in Bardia, Tobruk and in New Guinea."

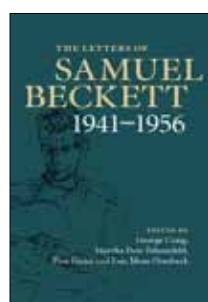

- **Review in *The Australian Defence Magazine*, September 2011**

ISBN 978-0-521-76685-2

**The Letters of Samuel Beckett: Volume 2 1941-1956** by Samuel Beckett, edited by George Craig et al.

This second volume of The Letters of Samuel Beckett opens with the war years, when it was often impossible or too dangerous to correspond. The letters chronicle a passionately committed but little known writer evolving into a figure of international reputation, and his response to such fame.

"Not to beat about the bush, here's the book of the year...Among many theoretic elaborations, there are lovely passages of self-disclosure...a marvellous book."

- **Article in *The Evening Standard (London)*: 'Beckett's Letters Are the Book of the Year', September 2011**
