

# Half-yearly assessment

Name: \_\_\_\_\_

## Number and Place Value

**Understanding:**                      **Limited**                      **Basic**                      **Sound**

- Think of a four-digit number greater than 5000. Write:
  - your number in numerals. 6215
  - your number in words. Six thousand two hundred and fifteen
  - the number before your number. 6214
  - the number after your number. 6216
- Compare these numbers by using  $<$  or  $>$ .
  - $6734 < 7361$
  - $5055 < 5500$
- Order from smallest to largest: 2127, 3576, 1721, 4107, 956.  
956, 1721, 2127, 3576, 4107
- Is 443 an odd or even number? odd  
Explain how you know this. Three is an odd number

## Addition and Subtraction

**Understanding:**                      **Limited**                      **Basic**                      **Sound**

- $19 + 10 = 29$
  - $25 + 9 = 34$
  - $54 - 10 = 44$
  - $87 - 11 = 76$
- Record each answer on the open number line.

7. The answer is 46. What might the question be? Write down four possible questions using addition and subtraction.

$$\underline{23 + 23 = 46}$$

$$\underline{86 - 40 = 46}$$

$$\underline{18 + 10 + 18 = 46}$$

$$\underline{100 - 23 - 31 = 46}$$

8. Colour two numbers that add to 50.

## Multiplication and Division

Understanding:      Limited      Basic      Sound

9. a) Write two multiplication and two division number sentences for this array.

b)  $4 \times 5 = \underline{20}$        $7 \times 2 = \underline{14}$        $24 \div 8 = \underline{3}$        $36 \div 4 = \underline{9}$

- c) Show two different ways to put 12 counters into an array.

$$6 \times 2, 4 \times 3$$

## Fractions and Decimals

Understanding:      Limited      Basic      Sound

10. a) Draw a line to match the fraction to its picture.

b) half of 12 = 6       $\frac{1}{4}$  of 20 = 5

## Financial Maths

Understanding:                  Limited                  Basic                  Sound

11. How much change would you get from \$5 if you bought:

a) a pencil for \$1.50? \$3.50

b) a pen for \$3.95? \$1.05

c) an eraser for \$2.15? \$2.85

## Patterns and Algebra

Understanding:                  Limited                  Basic                  Sound

12. a) Continue these counting patterns.

3	6	9	12	15	18	21
8	16	24	32	40	48	56

b) Fill in the missing numbers.

3	6	9	12	15	18	21
---	---	---	----	----	----	----

What would the tenth number be? 30

13. a)  $12 + 7 = \underline{4} + 15$

b)  $24 + 1 = 32 - \underline{7}$

## Length

Understanding:                  Limited                  Basic                  Sound

14. a) Measure the length of each item.

b)  5.1 cm

15. Complete the table of tree heights.

	cm	m and cm
Tree 1	131 cm	1 m 31 cm
Tree 2	215 cm	2 m 15 cm
Tree 3	405 cm	4 m 5 cm

16. What could you measure with a trundle wheel? the width of a footpath

17. What could you measure with a 30 cm long ruler? the length of a pen

## Volume and Capacity

Understanding:      Limited      Basic      Sound

18. a) Colour the correct box.

Volume	Capacity
--------	----------

means how much something holds.

19. Would each container hold more than, less than or about 1 litre (1 L)?

a) mug less      b) bath more      c) milk carton about

## Time

Understanding:      Limited      Basic      Sound

20.

What time is on the clock? Can you write it in three different ways?

a) 5:15      b) 15 past 5      c) 45 to 6

21. How many minutes does it take the minute hand to move from:

a) 12 to 2? 10      b) 4 to 9? 25

22. How many minutes does it take the hour hand to move from 3 to 4? 60

## 3D Space

Understanding:      Limited      Basic      Sound

23. a) Name both 3D objects.

cylinder

cone

b) Write two sentences to describe one similarity and one difference between the objects.

similarity: circle as its face

difference: cylinder has 3 faces and cone has 2 faces

24. Name a 3D object with:

a) 8 corners. octagon

b) 1 face. sphere

c) 2 edges. cylinder

## 2D Shape

Understanding:

Limited

Basic

Sound

25. Write the names of three quadrilaterals.

square

rectangle

rhombus

26. Draw a regular and an irregular pentagon.

27. Colour the shapes that have at least one right angle.

## Location and Transformation

Understanding:

Limited

Basic

Sound

28.

Draw:

a) a triangle in the top row in the middle.

b) a star in the bottom row second from the left.

c) a circle in the top row fourth from the right.

## Geometric Reasoning

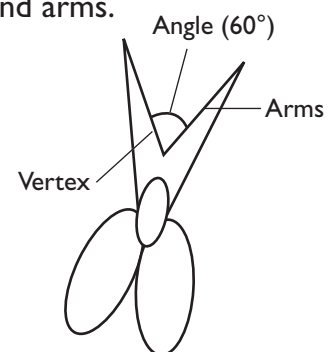

Understanding:

Limited

Basic

Sound

29. Draw a pair of scissors. On your drawing, label the angle, vertex and arms.

## Chance

**Understanding:**                      **Limited**                      **Basic**                      **Sound**

30. a) List all possible outcomes of:

- i) rolling a die. 1,2,3,4,5,6                      ii) tossing two coins. HT, HH, TT, TH

b) The possible outcomes are red, orange and green. What might the event be?

traffic lights

## Data

**Understanding:**                      **Limited**                      **Basic**                      **Sound**

31. a) Fill in the missing information about the lunches eaten in 3G today.

Lunch	Tally	Total
Salad	<del>    </del> <del>    </del>	12
Rice	<del>    </del>	8
Noodles	<del>    </del>	9

b) How many more students ate salad than rice? 4

c) How many students are in 3G? 29

32. Students in 3M were asked to name their favourite sport.

Sport	Tally	Total
Tennis	<del>    </del>	8
Cricket	<del>    </del>	9
Netball	<del>    </del> <del>    </del>	13

Write three sentences about this data.

Most popular sport is netball.

4 more students named netball as their favourite sport over cricket.

Tennis was the least popular sport.
